GRC UPDATE

Students have been enjoying the sunshine this week with a training walk to Stag Meadow. Back in the classroom, they have been putting Community Project plans in place. Community is one of our ROCCIT competencies and we value and take pride in being part of The Swan community. Project ideas include producing an information service for neurodiverse theme park goers, organising litter picks, running community gaming events, baking for the needy and making sandwiches for the homeless.

BUILDING UPDATE

The sun was out this week which put a spring in everyone's step and a focus on tidying up the courtyard. Micky masterfully rearranged the outdoor furniture ready for summer festivities while GRC staff and students turned their efforts to fine tuning the decoration in the Cowshed.

The sun is shining and the flowers are blooming. All the more reason to join the fun and friends at The Swan this week.

Warm regards,

The Friends of The Swan
